

PSG COLLEGE OF PHARMACY, Coimbatore-4

Examination Issue

Student: Vehashnee Yogeshwa

Program: Pharm D

Year: 2017-18

Issue: Answering of Pharmacotherapeutics II instead of Medicinal Biochemistry

Exam Issue:

In the FN session I Pharm D & III Pharm D were seated in the same class room for writing II Sessional exam in June 2017.

On 28-06-2017, 1 Pharm D had Medicinal Biochemistry and III Pharm D had Pharmacotherapeutics II exam. Both question papers were placed on the table. The III Pharm D student was absent. Vehashnee (Admission No. 17PD 027) took the Pharmacotherapeutics II paper instead of Medicinal Biochemistry, answered and submitted. An apology letter was given to the class teacher, Dr. C. Jaikanth who forwarded to the exam committee.

Action: Exam redressal committee has decided that re-exam should not be conducted as it is purely negligence on part of the candidate. She was awarded only 'zero mark'. She was warned that question paper should be read properly before answering. Invigilators Mr. S. Yuvaraj and Mr. Nikhil Sutar were called for enquiry and asked to hand over the question papers in hand. This instruction was given to the entire faculty during the staff meeting.

SESSIONAL EXAMINATION ANSWER BOOK

Course.....PHARM - D..... Year.....2017.....

Register NumberIFPD027..... Academic Year ..2017-2018.....

Name of the SubjectMEDICINAL BIOCHEMISTRY.....

Final Sessional Examination.

1 Pathogenesis of HIV infection.

Pathogenesis:

Pathogenesis is the activity of the pathogen which causes destruction in the systemic function of the body.

Pathogens are similar to micro-organisms which cause infection or disturbance in the body.

Pathogens are organisms which can be viewed under naked eyes but viewed through electron microscope.

Pathogens can proliferate fast once they enter the organism and cause severe damage.

Such pathogens cause the HIV disease.

HIV:

HIV is a sex linked disease.

Examination Issue

Programme: II & III Pharm D

27.06.2019

Batch: 2018-2019 Batch students

Problem: 10 minute late entry into the exam hall

The 2nd Sessional exams were planned for Pharm D students according to the academic calendar from 26-06-19 to 28-06-19. On 26-06-19(FN), the following exams, Pharmacognosy & Phytopharmaceuticals & Pharmacotherapeutics- II were held.

The entire batch of IInd & IIIrd Pharm D students were late by 10 minutes. Hence, they were stopped from appearing for the exam. They said they were all studying that subject in a different hall.

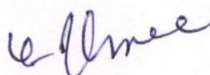

Enquiry was done and apology was expressed through their class coordinators. But committee decided not to conduct the 2nd Sessional exam for these subjects, as a part of punishment for their misconduct. But later, due consideration was given, as they repented for their misconduct. The exam redressal committee advised the teachers to conduct a Sessional. The III Sessional exam was held on 19-09-19 and marks were awarded. Later, on 23-09-2019, a Sessional was separately held for those students. This process is evident in the enclosed report.

(IA Mark report of the Batch in the attendance register – enclosed)

Examination Issue

Year – 2018-2019

Programme: B Pharm

Conduct of Re-sessional (IA) due to Supplementary exams

13-03-2019

Sample uploaded:

Pharmacognosy and Phytopharmaceuticals exam for the 3rd B Pharm programme was conducted on 13-03-19. But, 14 students who had to attend the supplementary exams (Pharmacy Practice & Pathophysiology university Practical exam dated 13-03 2019), could not attend the IA exam. Hence, IA was rescheduled on 01-04-19. Both the question papers and the students request letter enclosed.

Decision taken:

This was informed by the respective subject's in-charge to the exam committee. After consent from the Principal, the respective subject teacher was given permission to conduct the IA exam with a different question paper.

Enclosures:

1. Student request letter
2. 2 Question papers of II Sessional Exam on 2 different dates
3. Proof for their PPP practical exam on 13-03-19.

II-Sessional Examinations [Mar-2019]

III - B.PHARMACY

Pharmacognosy and Phytochemistry

Date/Session: 12/03/19

Time: 1 ½ hours

Maximum Marks: 50

INSTRUCTIONS

ANSWER ALL QUESTIONS

PART - A

(1x20=20)

I. ESSAY

1. Write the source, family, cultivation, collection, preparation, chemical constituents and therapeutic uses of various types of opium

PART - B

(4x5=20)

II. SHORT NOTES

1. Give a note on Umbelliferous fruits
2. Write source, constituent, uses and method of preparation of Eucalyptus oil
3. What is adulteration of crude drug and write the difference between the intentional and unintentional adulteration.
4. Ginseng

PART -C

(5x2=10)

III. SHORT ANSWERS

1. Write the difference between black cateche and pale cateche
2. Gold beaters skin test
3. Write the chemical constituents and uses of glycyrrhiza glabra
4. Write the source, family, constituent and uses for nutmeg
5. What is organoleptic evaluation?

.....END.....

PSG COLLEGE OF PHARMACY, Coimbatore - 4

08-01-2020

Examination Issue:

Non-submission of answer booklet of I Sessional Exam – Advanced Pharmacognosy subject conducted on 19-12-19 (AN) by Ms. P.Bharati.

Committee members:

1. Dr. V.Sankar
2. Dr. G.Syamala
3. Dr. K.Umaa
4. Dr. P. Rama

V. SANKAR

G. SYAMALA

K. UMAA

P. RAMA

The enquiry was made and found that the girl was having stress. She has neither slept well nor taken proper food during the exam time. She admitted that it happened purely due to her absence of mind and it is totally her mistake.

The committee expressed the non-submission of theory answer booklet as a type of disciplinary activity. The student was awarded Zero mark for that subject and retest shall not be conducted.

Committee warned the student that if such activities are indulged in future, she will not be allowed to write any other Internal Assessment Examination in the forth coming sessions.

The committee submits the report to the Principal. Later on Principal has approved the minutes and student was informed about the decision taken.

SESSIONAL EXAMINATION ANSWER BOOK

Course.....B. PHARM.....Year.....

Register Number561682009..... Academic Year 2019-20.....

Name of the SubjectAPCOG1.....

$\frac{-0-}{50}$

→ Reference Disciplinary activity

[Signature]

1) Biotransformation.

- Conversion of one chemical component to another by using bio materials. Eg. tissue culture, Micro-organisms.
- one phyto component to another phyto component.

Eg:- Digitalis tissue culture. will convert the β -methyl digitoxin into β -methyl digoxin.

2) Protoplast culture:

→ culture contains the cells without the cell wall.

→ plant cells' walls are digested by macerozyme enzyme (or) mechanically.

* Also we can produce hybrids.

Application:-

→ Somatic hybridisation.

↳ Cell wall synthesis study.

↳ Foreign material incorporation.

09-02-2020

Reason of Exam delay: Students wished to participate in 'HILARICAS 2020', a cultural intercollegiate event held in Hindustan CAS on 14-02-2020. They had to practice at least for 3 days as it was a mega event.

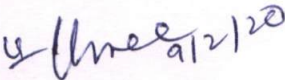

Sample analysis: Twinkle Mariya (III Sem B Pharm) had Pharmaceutical Engineering IA Practical exam on 11-02-2020. She produced a request letter for attending exam on a different day. She was given permission by subject incharge, Mrs. Nithya, for and participation in the event. IA practical exam was conducted separately on 18-02-2020.

Resolution - Examination committee has announced with the approval from the Principal that any student representing our institution for any intercollegiate events should be allowed and motivated. This helps in bringing out their hidden talents and improves their confidence level.

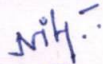

Outcome:

Student: Twinkle Mariya– III Sem B Pharm
Exam – Pharmaceutical Engineering Practical
Actual date of online IA Exam: 11.2.2020
Conducted on: 18-02-2020
Reason: Hilaricas (Intercollege event)
