minutes of meeting - Presentation suggestions.

1. Presentation 1 : Azarudeen : 1. Draw flow chart for methodology 2. Remove future plan 3. Change objectives
2. Chandru : 1. Measure the size of nanoparticles 2. Do solubility studies. 3. make it clear paste
3. Harikrishna → Germination improvement. Animal studies go out
4. Prasad → Time in mts, cumulative graph.

Members Suggested students have to go for kinetic and clinical studies in 2nd yr M.Pharm projects to bring good outcomes in projects.
