

# PSG COLLEGE OF PHARMACY – STUDENTS FEEDBACK FORM

S. No.

## B PHARM Course - Academic Year : 2019-2020

Please read the form carefully and give your feedback on all of the following items at the end of the teaching session

Skills	Teacher's performance	Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
Set Induction	Aroused interest in the topic by relevant introduction					
	Specified the objectives of presentation					
Planning	Organized material in a logical sequence					
	Used relevant content matter					
Communication	Spoke clearly with good command in language					
	Used teaching aids effectively for better understand of the subject					

<b>Name of the faculty:</b>
<b>Topic of the session:</b>
<b>Department:</b>
<b>Date:</b>

<b>Name of the student:</b> (Optional)
<b>Batch:</b>
<b>Overall rating of the session:</b> <ul style="list-style-type: none"> <li><input type="radio"/> Excellent</li> <li><input type="radio"/> Good</li> <li><input type="radio"/> Average</li> <li><input type="radio"/> Poor</li> </ul>

Skills	Teacher's performance	Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
Presentation	Changed the pace of presentation by shifting emphasis, jokes etc.					
	Used specific examples, images, diagrams etc to illustrate main ideas					
Pupil participation	Encouraged students to ask/answer questions.					
	Rewarded students' efforts with useful and constructive feedback					
Closure	Summarized most important points at the end of the session.					
	Quoted learning resources for further reading					

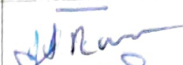

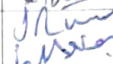

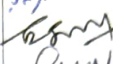

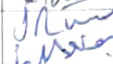

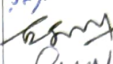

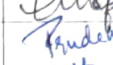

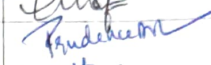

Any other suggestions on teaching methods:

**STUDENT FEEDBACK ANALYSIS – YEAR 2016**

**(B Pharm, Pharm D, M Pharm)**

Feedback analysis was done with the programme committee monitoring members on 12<sup>th</sup> Dec 2016 at 3.00 pm in the Board room, PSG College of Pharmacy. After analysis action to be taken and recommendation are recorded for follow up action.

S. No	Programme	Committee Members	Signature
1.	B Pharm	Dr. A. Nagarajan Mr. S. Ravichandran Mr. D. Sivakumar Mrs. Anila Kumar	   
2.	M Pharm	Mr. S. Ravichandran Dr. S. Subramanian Dr. V. Sivakumar Mr. G. Venkatesh	   
3.	Pharm D	Dr. Prudence A Rodrigues Dr. G. Andhuvan Dr. V. Sivakumar Mrs. P. Rama	   

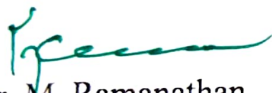

The appreciation points after discussion are cited below

- Systematic, discipline, neatness
- All activities are highly professional
- Excellent ward rounds & outreach programs

Scope for improvement/suggestion and action taken and recommendations with respect to the feedback by students, parents and examiners are listed point wise for further follow up.

S. No	Scope for improvement / Suggestions	Action taken & recommendations
1.	Publication quality can be made better	M Pharm students are asked to publish in Scopus indexed journal and Ph.D scholars in impact journals with impact more than 1
2.	More opportunity for campus recruitment is required	Planning to invite more HR people to III
3.	Pairing with CRRI's and assigning works will improve commitments for interns & will get respect from Doctors & nurses for Pharm D students	Feasibility and crowding issues in clinical setup will be discussed with Dean/Medical Superintendent
4.	Improvement in interaction between teacher & students is needed	Mentor - mentee interaction arranged

5.	Patient counseling can be improved	Patient counseling & Drug information centre postings are scheduled for students
6.	Continuous Assessment Program should made compulsory	Continuous improvement programme made compulsory
7.	Antibiotic Stewardship during intern posting is difficult & takes whole day to complete & creates problem in ward rounds	Posting for anti stewardship programme are reduced
8.	More focus on Clinical Pharmacology & clinical applications on Microbiology is required	Clinical subjects are focused more with case studies
9.	Preceptor accompanying students during ward rounds can be considered	Preceptors are asked to give orientation towards ward rounds
10.	Industrial & Hospital visits required	Students are permitted to go for PCI approved hospitals on Industries for 3 months
11.	NAPLEX and competitive exams training and books availability can be made through library	Centres offering GRE/GOEFL/NAPLET and other competitive exams are informed.
12.	More duration of postings in General Medicine is required	General medicine postings are allotted as per PCI requirements
13.	Feedback forms for Pharm D interns after each ward can be included	Feedback forms are collected at the end of academic year.
14.	Punching system for Pharm D students can be considered	Punching system was implemented for Pharm D Interns.
15.	IM & IV injections classes can be conducted	In ICU/IMCU rounds, IM & IV injections related topics are explored for interns.

 Principal

**PSG COLLEGE OF PHARMACY, COIMBATORE – 4**

**STUDENT FEEDBACK ANALYSIS – YEAR 2017**

**(B Pharm, Pharm D, M Pharm)**

Feedback analysis was done with the programme committee monitoring members on 6<sup>th</sup> Dec 2017 at 3.00 pm in the Board room, PSG College of Pharmacy. After analysis action taken and recommendation are recorded for follow up action.

S. No	Programme	Committee Members	Signature
1.	B Pharm	Dr. A. Nagarajan Mr. S. Ravichandran Mr. D. Sivakumar Ms. Anila Kumar	
2.	M Pharm	Dr. M. Ramanathan Dr. V. Sankar Dr. Prudence A Rodrigues Mr. S. Ravichandran	
3.	Pharm D	Dr. Prudence A Rodrigues Dr. G. Andhuvan Dr. V. Sivakumar Mrs. P. Rama	

The appreciation points after discussion are cited below

- Library & internet facilities Instrument and maintenance
- Campus atmosphere & Infrastructure
- Excellent Teaching skills
- Quality of education and infrastructure
- Sophisticated instruments and maintenance

Scope for improvement/suggestion and action taken and recommendations with respect to the feedback by students, parents and examiners are listed point wise for further follow up.

S. No	Scope for improvement / Suggestions	Action taken & recommendations
1.	Pharmacovigilance training in practical aspect is required	Students are posted for peripheral Pharmacovigilance centre
2.	Training from 2 <sup>nd</sup> year for Pharm D students are required	Pharm D 2 year students are explored to MRD room as per the PCI prescribed norms.
3.	Inclusion of Theory and regular exams in clinical side can be considered	Case studies are discussed in presence of clinical preceptors.
4.	Introduction of batch students by college staffs to the Doctors can be considered	Rotations/posting are forwarded to respective HoD's/Unit chief through Dean by Principal, PSG CP.

5.	Providing internship to CRO companies and Pharmacovigilance training is required	Students are permitted to go 3 months training to CRO companies / Pharmacovigilance training centres
6.	Barrier in communication with foreign students and with patients	In rounds posting another state student/NRI student along with Tamil Nadu student will be posted to overcome communication issues.
7.	Platform to improve practical skills and interaction with other college to motivate interns	It was decided to start VR originals programme to link with other collage students.
8.	Short online courses eg: vaccination, panic life support, health administration can be started	Students are advised /guided to take govt authorized certificate courses like NPTEL, Coursera, Swayam etc.
9.	Industrial visit for atleast 3 months to improve practical knowledge for students is needed	Students are permitted to go for Industrial training for 3 months as per PCI norms
10.	Industrial training programs and conferences & workshops for students can be conducted	Conferences and workshops for all departments are organized in a rotational way with financial assistance from govt agencies
11.	Students teachers interaction can be improved	Mentor-mentee are allotted for each student to sort out student issues
12.	Placement and staff recruitment	Placement officer for Pharm D and B Pharm are working. They also promoting off campus placement based on request from companies.
13.	Administrative services can be improved	Additional PA are appointed in Principal office & admin office to address administrative issues.
14.	Study material can be given for students before each day of attending ward rounds	Case collection forms for discussing with preceptors are initiated before ward rounds.
15.	Syllabus can be changed, modified in such a way where many emphasize is given to application of theoretical aspects we study	Syllabus issues are addressed by PCI not by affiliating college (or) university.
16.	Clinical & Pharmacovigilance training is required	Students are permitted to go for 3 months training as per PCI norms
17.	Pharm D graduate staff should accompany Pharm D students during ward rounds	Feasibility of clinical pharmacist mentorship are analysed.
18.	NAPLEX and competitive exams training with partnership of agencies can be initiated	Cooking centres information for Gre/toefl/Naplexl are shared.
19.	4 <sup>th</sup> and 5 <sup>th</sup> year subjects can be more oriented to Therapeutics and Pharmacology	Pharm D cases will be discussed in line with theory papers
20.	Provide a platform to differentiate M	Explanation for Pharm D & M Pharm

	Pharm (Pharmacy Practice)& Pharm D	Pharmacy Practice role defined through class co-ordinators.
21.	Interdepartmental communication improvement and co ordination between medical and pharmacy staffs are required	Inter departmental communication will be improved after discussion with respective unit chief.
22.	Lack of proper protocol during ward rounds	Ward rounds rotations are made as per PCI recommendations
23.	Limited Clinical Pharmacist jobs. Limitation can be reviewed	Clinical pharmacists are appointed in PSG hospital subject to vacancy
24.	Organizing talks by Entrepreneurs or self made successful people can be initiated	Alumni based interactions Annually are initiated
25.	More presentations and handling of all instruments for all students can be given	Instrument handling on practical hours are emphasized
26.	Try to get NAAC accreditation	Institution got NAAC accredited in Feb 2016
27.	Books to learn the basics should be placed in department library	Basic books for learning are placed in the Department Library
28.	UV and HPLC in pharmaceutics lab is required	Students are asked to use the central research instrumentation facilities and lab facilities
29.	More faculties are needed	More faculties are appointed as per PCI/University norms
30.	Number of seminars in MPAT can be reduced	Particular subject teacher was instructed to reduce the number of seminar
31.	Group discussion on Regulatory Affairs, Pharm newsletter etc can be conducted. Encouraging and updating students on new drugs is required	Group discussion on regulatory affairs was initiated. In pharma news letter editorial board PG students are included on rotational basis. Drug related information is also included in News letter
32.	Same Sessional pattern as like university pattern can be followed	Continuous assessment and other modes of evaluation are included along with internal exam are included hence the pattern differs from university pattern.

3.	Pharm D	Dr. Prudence A Rodrigues Dr. G. Andhuvan Dr. V. Sivakumar Mrs. P. Rama	<i>Prudence A Rodrigues</i> <i>G. Andhuvan</i> <i>V. Sivakumar</i> <i>P. Rama</i>

The appreciation points after discussion are cited below

- Students are well disciplined and well ordered in lab
- Clinical cases to which the Pharm. D students are getting exposure is appreciable
- Students are very obedient and good
- Quality in all aspect
- Infrastructure is good

- Good environment
- Cleanness
- Organization does an amazing job
- Quality of education is very good
- Giving awards to students and encouraging juniors also
- Responsibility and encouragement
- Granting appreciation to the students encouragement
- Enthusiastic surrounding
- Hospitality
- Students performance
- Genuine care for students welfare
- Outstanding library facility
- Degree of freedom a student receives to explore himself is commendable
- Library & laboratory practices
- More facilities for students to learn
- IV training is very useful

Scope for improvement/suggestion and action taken and recommendations with respect to the feedback by students, parents and examiners are listed point wise for further follow up.

S. No	Scope for improvement / Suggestions	Action taken & recommendations
1.	We want internal examiner and skilled to support and be with us throughout the practical exam session with us inside the lab during exams.	Instructions are given to HODs to monitor the internal examiner and skilled person throughout the practical exam session
2.	Students knowledge and more focus towards research at UG and PG level	Research review presentations for UG 7 PG are recommended to program monitoring committee
3.	To have structured format for evaluation of case presentation	Instruction was given to follow SOAP note during Pharm D presentation
4.	Viva voce examination, Need guidance in practical	Practical handling staff instructed to give demonstrations before practical and also to conduct viva voce exam
5.	Theory wise have to strengthen more	To strengthen theory concepts faculty are instructed to follow You tube based teaching
6.	Teachers need to be more friendly with students	Mentor-Mentee interaction are arranged
7.	Provide chemicals and instruments properly without delay	Annual intend for chemicals and glasswares are made in advance to avoid delay
8.	Need awareness of projects for first year students	Basic information will be provided to students for awareness through class coordinators

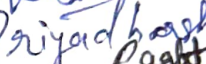

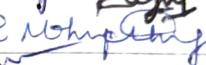

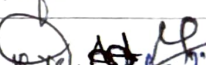

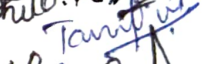

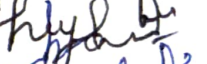

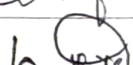

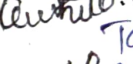

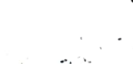

9.	Have good instruments but need maintenance	Essential high cost instruments recommended for annual maintenance
10.	Table and chair insufficient	New tables and chairs are included and the old ones are replaced
11.	Increase seminar and workshop	It has been decided that each department will organize one ever per year
12.	Practical skills	Practical skills will be enhanced by adding more similar practicals in record
13.	Co-ordination among staff with respect to communication has to be improved	Class coordinators will review the issues of students with mentors
14.	Conduct test when every portions completed	Continuous assessment will be conducted as per the schedule
15.	Awards can also be given for discipline	Request for award will be placed in the award committee
16.	Placement	Placement officer will review on campus and off campus placement
17.	Practical oriented study	Teachers are instructed to correlate practical and clinical aspects with theory
18.	Hygiene in the hostel amenities & improvement in the quality of food is appreciated	Steps are taken to improve hygiene in hostel and the student committee for mess will review the meals
19.	Improvement in the current teaching techniques	Staff members are requested to use You tube videos, Kahoot quiz platform and other technology based education tools
20.	Staffs to be accompanied during ward rounds	Ward round reports clerkship work will be monitored by concerned subject teacher
21.	Hospital practice is not sufficient, need some more opportunities in hospital	Students will be posted in additional departments / wards of hospital in addition to PCI regulations
22.	Pharm D can be given the role of taking medications history interview & document it in IP files	Pharm D students are permitted to collect medication history from IP files of hospitals, but they cannot write notes in Patient files as per MCI norms
23.	Clerkship book to have certificate pages to be certified by both internal and external examiners. (As practical record books)	Clerkship book will be certified as per PCI guidelines
24.	Try to improve the standard and encouragement behind the eminent board PSG it means a lot to all	Steps for improving standard are implemental at all levels
25.	We recommend the selection process needs to be improved and it has to unbiased	Student selection based on directorate of medical education norms for Government quota and for Management quota it is through management consortium test

 Principal

STUDENT FEEDBACK ANALYSIS – YEAR 2019

(B Pharm, Pharm D, M Pharm)

Feedback analysis was done with the programme committee monitoring members on 13<sup>th</sup> Dec 2019 at 3.00 pm in the Board room, PSG College of Pharmacy. After analysis action taken and recommendation are recorded for follow up action.

S. No	Programme	Committee Members	Signature
1.	B Pharm	Dr. A. Nagarajan Dr. S. Ravichandran Dr. Sivaram Hariharan Mrs. S.E. Maida Engels Mr. C. Vaiyana Rajesh Mrs. P. Aruna Mrs. C. Vijayalakshmi Mr. M. Nithyananth <b>Student Members:</b> Ms. Hareni Iyer Mr. Manishankar Ms. Priyadarshini Ms. Ragavi A Mr. Mohanraj	            
2.	M Pharm	Mr. S. Ravichandran Dr. S. Subramanian Dr. G. Andhuvan Dr. G. Venkatesh <b>Student Members:</b> Mr. Karthik Aravinda Rajan Mr. S. Tamilarasan Mr. Hyder Ali M Ms. Geethanjali K Ms. Gayathri M Nair	        
3.	Pharm D	Dr. Prudence A Rodrigues Dr. V. Sivakumar Dr. G. Andhuvah Mrs. P. Rama	   

The appreciation points after discussion are cited below

- Technical and supportive staffs
- Very good infrastructure and a pleasant ambiance for academic activities
- Encouraging students to develop their skills apart from academic activities
- Punctuality of students and staffs
- Sincerity and dedication

- Well established college
- Excellent infrastructure, clean and tidy with committed faculty members
- Excellent hospitality
- Homemade food is good
- Students performance of oral session was good
- The quality of education imparted to student was good
- Systematic
- Good management service
- Good laboratory practice
- Well renowned institution
- Repeated follow up by staffs of your institution
- Very good hospitality
- Majority of students problem solving skills very good, good infrastructure

Scope for improvement/suggestion and action taken and recommendations with respect to the feedback by students, parents and examiners are listed point wise for further follow up.

S. No	Area for improvement	General Comments
1.	Develop multi skills of students	Skills are provided to students through different council & club activities
2.	Yet to escalate for an international level	Steps are initiated for international collaboration
3.	Accommodation need to be changed. Arts college and guest house is distance, arrange auto or car to the guest house	New guest house construction is in the process for examiners & official guests
4.	Benefits for staff gratuity, Free bus service??	Gratuity is provided to staff. In management perspective free bus from all parts of Coimbatore not feasible.
5.	Need students to listen the instruction of teachers Students dress code Students and staff interaction Advice the students for proper hair cut Advice the students to wear shoe in the lab Advice the students for regular shave	Class coordinators are authorized to instruct and monitor the dress code, proper hair cut, to wear shoe in the lab, advice students for regular shave.
6.	Communication skill	Communication skills are arranged for students with PSG Institute of Management.
7.	Exam pre arrangements	Office staff and technicians are instructed to go for pre arrangements once the exam announcement is received for Theory and Practical and Sessional exams.
8.	As I have examined 4 <sup>th</sup> Pharm D, students should take hospital posting very seriously	All the IV year Pharm D students pre posted in wards as per PCI norms and the

	and concentrate on disease preventive aspect and pharmaceutical care to patients admitted in wards	log book of case report are evaluated by concerned subject teachers.
9.	Pharmaceutical care plan should reach the patients, students doing great job but keeping the plan without exploring and distributing for the benefit of the patients	Pharmaceutical care plan information are shared with the Physicians / PG students coming for rounds and they in turn convey the message to unit chief.
10.	Needs faculty assistance to utilize the available resources	Faculty are instructed to explain the available resources in the campus and the protocol for using them
11.	Practice in cell culture To improve student staff group discussion Industrial research facility visit, project internship program Guidance required to learn about software and instruments Proper training on the handling of instruments has to be improved.	Class coordinators and mentors are instructed to give guidance for software and instrument training, feasibility of cell culture lab training, industrial research facility visit and project internship program
12.	Workshop and interpretation classes can be conducted for the same.	Workshops are organized periodically by departments based on the need of the hour topic
13.	Please make more placement opportunity Placement guidance and support is good but on campus drive would be give more placement option. Placement committee can be formed	Placement committee is working on both in campus and off campus program
14.	Faculty, additional lab experiment required	Faculty members and lab are maintained as per PCI and university norms
15.	Comparative to non-semester all practical experiments are quiet less, more knowledge and detailing in practical is needed in syllabus.	Teachers are instructed to explain the practical concepts with theory
16.	Industry institute collaboration should be encouraged, Compulsory industrial training or visit could develop more confidence about the market requirement and job skill, It will be great if PG students also got a chance of attending campus for job opportunities, Industrial training for gaining knowledge Feasibility of Project work carrying out in industry, Placement training can be initiated	Institute Industry Interaction cell is established in the Institute. This cell every sends interested students to industry. Three months industrial training project for PG students are permitted as per PCI norms. Students are permitted to attend placement training school of Tamil Nadu Pharmaceutical Welfare Science Trust, Chennai

17.	Course perspectives to modern technologies and discipline of pharmacy practice	Modern aspects of pharmacy practice are updated through university accredited CME programs. Interns are permitted to report ADR to peripheral Pharmacovigilance centre. Emergency ward posting is not recommended as mandatory in registration. Students can use the equipments Glucometer, BP apparatus, pulmonary function test in counseling room.
18.	ADR reporting to be done by clinical pharmacist/intern	
19.	Students need experience in emergency ward, and medical equipment handling Other than clinical side, vigilance basics and instrumental handling can taught to Pharm. D students Improve Pharm. D in various perspective, like vigilance, medical writing	
20.	Need more experienced staff with greater knowledge and exposure	Most of the staff in departments are with more than 5 years experience
21.	Provide knowledge on studies of licensing exam in an abroad.	Class coordinators and mentors are instructed to guide students regarding the appearance for competitive exams
22.	Patient counseling can be given from 3 <sup>rd</sup> year Pharm. D	Feasibility of 3 <sup>rd</sup> year Pharm D for counseling will be reviewed with HOD
23.	A classroom for 5 <sup>th</sup> and 6 <sup>th</sup> Pharm. D. Space not sufficient in Pharmacy practice department	Class room for 5 <sup>th</sup> and 6 <sup>th</sup> Pharm D is provided in the hospital.
24.	Craniosacral therapy, Yoga, meditation for student mind relaxation can be initiated	Basics in Yoga are provided by hospital experts.
25.	Hygienic rest room at college is required	Sanitary incharge asked to check work sheets of scavengers on daily basis
